THE TARKETT® COLLECTION

HETEROGENEOUS FLOORING

Johnsonite®
A Tarkett Company

THE ULTIMATE
FLOORING EXPERIENCE

Stella

Budget solution with premium qualities

Stella is a very competitive compact calendered vinyl flooring developed for all heavy traffic commercial areas such as schools, hospitals, stores and shops...

Design and performance have not been compromised in Stella. Its high wear resistance and low-maintenance properties together with its versatile color offering make Stella a product that will meet your needs.

Top performance and low maintenance

Stella's 0.7mm PVC wear layer provides excellent resistance to indentation, abrasion, and tearing.

The surface has a PUR reinforcement that requires less cleaning and maintenance throughout the flooring's lifetime. Maintenance costs can be reduced by up to 30%. Bearing in mind that 92% of a flooring's total life cycle cost is for maintenance, substantial savings can be achieved.

Stella has a Sanitized® treatment that protects the floorcovering from premature aging caused by micro-organisms, and also gives hygiene benefits on sensitive areas.

Stella | The Tarkett® Collection

Technical Data	Stella
Type of Floor Covering	Heterogeneous Vinyl Flooring
Classification ASTM F 1303	Type I, Grade 1, Class B
Wear Layer Thickness	.028" (0.7mm)
Polyurethane Reinforced	Yes
Total Thickness	.080" (2.0 mm)
Weight/sq yd/m²	5.2 lbs sq yd (2.800 kg sq meter)
Static Load Limit ASTM F 970	175
Slip Resistance ASTM D 2047	SCOF ≥ 0.6
Flame Resistance ASTM E 648	Class 1
Smoke Density ASTM E 662	< 450
Chemical Resistance ASTM F 925	Excellent
Colors	Wood: 2 All Over: 12
Roll Length Width	Approx. 76' (23 m) 6' 6" nominal (2m)

Please visit johnsonite.com for the most updated specifications, and installation, cleaning and maintenance instructions. The weld rods listed are intended to correspond with the denoted Stella colors. Other welding rods can be used for a variety of visual effects.

How to Order Stella:
STL-R-(XXX) Color Number

The Johnsonite® system includes several accessories, including transitions, finishing borders (wall base), cove fillers and caps to complete your flooring design and installation.
