

MATERIAL SAFETY DATA SHEET

Supplier: Johnsonite, Inc.
16910 Munn Road
Chagrin Falls, Ohio 44023

Product: 940 Part A Adhesive

Section 1 – Product Identification

Product Identifier\ Trade Name\ Material Name:	Tarkett 940 Part A, DT 940 Part A, Adhesive
Product Code\Internal ID:	940
Product Use or Description:	Solvent free two component adhesive
MSDS Date:	10/10/06

Hazardous Materials Identification System (HMIS)

Health Hazard:	2	Chronic Hazard:	No
Flammability:	0		
Reactivity:	1		
Personal Protection:	E		

For 24 HOUR MEDICAL AND DOT EMERGENCY RESPONSE COMMUNICATIONS AND INFORMATION, PLEASE CALL:
CANUTEC in Canada at (613) 996-6666 or
CHEMTREC in U.S.A. at (800) 424-9300

For technical information, please call Technical Services at: (800) 899-8916
(440) 543-8916
(440) 543-8920 – Fax

Section 2 – Chemical Composition \ Hazardous Ingredients

Ingredients	CAS #	% by Weight	OSHA PEL	ACGIH TLV
Nonyl Phenol	25154-52-3	15-40%	N\Av	N\Av
Resin Epoxy	25085-99-8	5-10%	N\Av	N\Av
Glycidyle ether of ortho cresol	2210-79-9	1-5%	N\Av	N\Av

For California (Proposition 65): This product contains chemicals known to the state of California to cause cancer, birth defects or other reproductive toxicity. All ingredients are listed within the US TSA and Canadian DSL

Section 3 – Hazards Identification

Route of Entry:

Eye Contact:	Yes
Skin Contact:	Yes
Inhalation:	Yes
Ingestion:	Yes

Effects of acute exposure to product: Inhalation or contact can cause irritation to eyes, skin, nose, or throat to sensitive people. If ingested can cause nausea, vomiting, gripping, and diarrhea

Effects of chronic exposure to product: See Section 2

Other important hazards: Allergies, skin, and respiratory disorders. Product sensitivity.

N/Av: Not applicable

N/Av: Not available

See last page for other abbreviations

MATERIAL SAFETY DATA SHEET

Supplier: Johnsonite, Inc.
16910 Munn Road
Chagrin Falls, Ohio 44023

Product: 940 Part A Adhesive

Section 4 – First Aid Measures

Eye Contact:	Flush with cool water for 15 minutes while holding eyelid open. If irritation persists, seek medical attention immediately.
Skin Contact:	Avoid contact with skin. Remove contaminated clothing. Wash affected area thoroughly with soap and water. If irritation persists, seek immediate medical attention.
Inhalation:	Remove to fresh air. If not breathing, trained personnel should initiate artificial respiration and immediate medical attention should be obtained.
Ingestion:	Do not induce vomiting. Do not give anything by mouth to an unconscious person. Seek medical attention immediately.

Section 5 – Fire Fighting Measures

Fire hazards\conditions of flammability:	Product will not burn until all water content has evaporated.
Means of extinction:	Water spray, carbon dioxide, dry chemical or foam.
Flashpoint and method of determinations:	Not established
Lower flammable limit (% by volume):	Not established
Upper flammable limit (% by volume):	Not established
Special fire-fighting procedures\equipment:	Wear standard fire fighting gear with self-contained breathing apparatus.
Unusual fire and explosion hazards:	Some decomposition products may be harmful.

Section 6 – Accidental Release Measures

Personal Precautions:	Avoid prolonged skin contact and dusty conditions
Environmental precautions:	Dispose of in accordance with local, state, provincial, and federal regulations governing your location.
Spill response/cleanup:	While using appropriate protective equipment, place spilled material in poly drum, or container requirement by local disposal company, and store in a safe place till material can be disposed of in accordance with regulations.
Prohibited materials:	Not established.

Section 7 – Handling and Storage

Safe handling procedures:	During work with dry product, it is recommended to wear NIOSH approved particulate filter respirator rated N95.
Storage requirements:	Store in a manner to prevent dusty conditions.
Incompatible materials:	Strong oxidizing agents, strong acids, and strong bases.
Special packaging materials:	Not established.

N/Ap: Not applicable
N/Av: Not available
See last page for other abbreviations

MATERIAL SAFETY DATA SHEET

Supplier: Johnsonite, Inc.
16910 Munn Road
Chagrin Falls, Ohio 44023

Product: 940 Part A Adhesive

Section 8 – Exposure Controls and Personal Protection

Ventilation and engineering controls: Use in WELL VENTILATED area only.

Respiratory protection: During work with dry product it is recommended to wear a NIOSH approve particulate filter respirator rated N95

Protective gloves: Impervious (Nitrile, rubber, or better)

Eye protection: Safety glasses or goggles as necessary to prevent eye contact.

Other protective equipment: As needed to minimize contact with skin.

Permissible exposure levels: Not established.

Section 9 – Reactivity and Stability Data

Stability and reactivity (Polymerization): Stable

Conditions to avoid: None Known

Materials to avoid: Strong oxidizing agents, strong acids, and strong bases.

Hazardous decomposition products: Carbon monoxide, carbon dioxide, oxides of nitrogen, and other unidentified organic compounds.

Section 10 – Reactivity and Stability Data

Physical form, color, and odor: White paste. Epoxy odor.

Odor threshold: Not established

pH: N/Ap

Boiling point: N/Ap

Melting point: N/Ap

Freezing point: N/Ap

Solubility in water: Negligible

Coefficient of oil/water distribution: Not established

Specific gravity or relative density (water = 1) 1

Vapor pressure (mmHg): N/Ap

Vapor density (air = 1) N/Ap

Evaporation rate (Butyl Acetate = 1): Not established

Calculated VOC: N/Ap

Section 11 – Toxicological Information

LD₅₀ (species and route): N/Av

LC₅₀ (species and route): N/Av

Toxicological data: N/Av

Carcinogenicity: No

Reproductive toxicity: N/Av

Teratogenicity: N/Av

Mutagenicity: N/Av

Irritancy of product: Potential skin, eye respiratory irritant to sensitive individuals.

Sensitization of product: Product sensitivity.

Conditions aggravated by exposure: Nausea, vomiting, nose and throat irritation, and eye and skin irritation.

Name of toxicologically synergistic products: N/Av

N/Ap: Not applicable

N/Av: Not available

See last page for other abbreviations

MATERIAL SAFETY DATA SHEET

Supplier: Johnsonite, Inc.
16910 Munn Road
Chagrin Falls, Ohio 44023

Product: 940 Part A Adhesive

Section 12 – Ecological Information

Environmental effects:	N/Av
Important environmental characteristics:	N/Av
Aquatic toxicity:	N/Av

Section 13 – Waste Disposal

Handling for disposal:	Dispose of in accordance with local, state, provincial, and federal regulations governing your location.
Methods of disposal:	Dispose of in accordance with local, state, provincial, and federal regulations governing your location.

Section 14 – Transportation Information

Transportation of Dangerous Good (TDG) Information;	
Shipping name:	Not regulated
Class:	N/Av
UN number:	N/Av
Packing group:	N/Av
49 CFR information;	
Shipping name:	Not regulated
Class:	N/Av
UN number:	N/Av
Packing group:	N/Av
International Dangerous Goods information	
IMO:	Not established
ICAO:	Not established
Other information	Not established

Section 15 – Regulatory Information

WHMIS information	WSHMIS classification: D2B
CEPA information	All ingredients are listed with the Canadian DSL
TSCA information	All ingredients are listed within the US TSCA

Section 16 – Others Information

Certificate of origin	Made in Canada
Prepared by:	Technical Services
Telephone number:	(440) 543-8916
Preparation date:	10/10/06

N/Av: Not applicable
N/Av: Not available
