

Johnsonite®

Our new wall
base is even easier
to work with.

Funny,
so is the company
that makes it.

Introducing BaseWorks™ Thermoset Rubber Wall Base.

THE ULTIMATE
FLOORING EXPERIENCE

BASEWORKS™ THERMOSET RUBBER WALL BASE

BaseWorks™ Thermoset Rubber Wall Base from Johnsonite® is an ideal choice for contractors. This high-performance base is extremely flexible. It installs easily, even around curves and columns. Plus, its surface resists fading, cracking and will not shrink or separate from the wall.

Baseworks is available in the 32 standard ColorMatch® colors, offering optimal coordination with existing finishing borders and accessories. It is 1/8" thick and available in 2 1/2", 4" and 6" heights, toe and toeless profiles, and in 4' lengths. It also meets the ASTM F-1861 standards for resilient wall base and contributes to LEED credits. BaseWorks Thermoset Rubber Wall Base is recyclable as part of Johnsonite's ReStart® Reclamation Program.

With the addition of Baseworks, Johnsonite now offers the only fully integrated line of coordinating flooring, finishing borders and accessories in the world. This, in turn, provides optimal flooring solutions that meet business demands easily and efficiently.
